

FRIENDS OF MARFOND

We are happy that we could welcome you since years for retreats and teachings in our center.

Marfond has developed continuously over the years and all the projects have been generously supported by your donations.

But at the moment we also need to establish a regular income to cover the expenses of running the center.

We would therefore be very grateful if you could participate on a regular basis (per month or per year) according to your possibilities – even a small amount is of help for us.

All our gratitude and best wishes.
